Subject: Re: IAU's and MPECs

Here's my latest list of MPECs. For the recent ones, we now also need to note 1.8-m vs. 0.9-m observations. When no mention is made, they are from the 0.9-m and when one telescope made the first (or discovery) observation, it and its observers are listed first.

Jim.

Spacewatch MPEC appearances thru MPEC 2001-Y36.
